- Register at hof-teamcamp.com, payment by credit card is due at the time of enrollment. Registration opens on **Monday, September 23rd at 8 AM**.
- If you are placed on a waitlist, you will be notified if a seat becomes available and will have the option to accept or decline the seat.
- Registration closes on **Friday, October 4th at 11:59 PM**. Class schedules cannot be changed after registration closes.
- Upon registration, you will indicate if your child will walk home, attend B&G Club aftercare (escorted by a staff member), or will be picked-up. Campers should be picked up within 5 minutes of class end-time from their classroom.
- Standard Class enrollees have the option of enrolling in a Block 2 class as well.
- During the registration process, there will be an option to request a scholarship and to make additional donations to the scholarship budget.
- Campers will go directly to the Cafeteria at the end of the school day for check-in, snack, & social prior to the start of class. Please send your child with a snack and water bottle. **Please remind your child that the snack is to be saved for after-school enrichment.**
- Should an instructor cancel for the day, **please plan alternate after-school arrangements for your child**. You will receive a refund for any days that the instructor misses. Instructors with attendance issues will not be asked to return for subsequent quarters.
- Families will not be reimbursed for days that learners do not attend.

CLASS DESCRIPTIONS: Fall Quarter (10/15/24 – 12/12/24)

Classes that do not meet the minimum enrollment will be cancelled.

1on1 Sports: After-School Hoops

(K-2nd and 3rd-5th, Min 10/Max 18)

Join One-on-One Basketball this semester for After School Hoops®, an ideal after school activity for aspiring athletes. Basketball is a unique sport that combines upper and lower body motor-skill learning with an intense cardiovascular workout. Our organization has decades of experience teaching this sport in a motivating, inclusive and age-appropriate manor. After School Hoops® makes three guarantees: your child will learn, sweat, and have fun!

Bricks 4 Kidz: Game On!

(K-2nd Grade, Min 8/Max 14)

In this interactive enrichment class, it's all about video games! Students will use LEGO® Bricks to build motorized models of characters from their favorite games. Game on with Super Mario Bros, Pokémon, Minecraft, Zelda, Pacman, and Sonic the Hedgehog! Each day will be a new adventure as the virtual and LEGO® worlds combine! Note - This is a Lego focused class, we will not be playing video games.

CraftLab Seattle: Art with Nature

(1st-5th Grade, Min 8/Max 12)

Using nature as our inspiration this fall term: think plants, animals, seasons, and bugs! Each week we will focus on a new nature item to inspire our creativity and make fun and creative crafts to take home and enjoy. We will use upcycled, donated and thrifted material each week so bring your creativity, your best cutting and gluing skills and of course a willingness to have fun with CraftLab Seattle!

Half Pint Puppets: Build a Puppet. Change the World!

(8-12yo, Min 6/Max 15)

Learn to make your own Muppet-style Puppet! With the help of a professional puppet builder, you get to construct a puppet that you design, stitch, glue, and bring to life! We'll create a script together with our characters to perform on the last day of camp for family and friends! All materials are provided, and you'll leave with new skills, friends, and a puppet you made yourself!

HOFTC: Choose Your Own Adventure

(K-5th Grade, Max 8)

Would your child like to join friends for an **organized active game** led by one of our experienced counselors? Would they prefer to play an **indoor board game or card game**? How about **solo time** to color or work on homework? Maybe they just need some **less-structured free-time** on the playground or field (rain or shine!) after school to burn off excess energy and engage in free play. We offer all of those options! Choose Your Own Adventure allows each child to recharge after school in their own way, without screens and with proper supervision.

HOFTC: Gaga Ball + HOF Games

(K-2nd and 3rd-5th Grade, Min 8/Max 14)

Can't get enough Gaga Ball? Play every week while mixing in some other summer camp favorites such as 9-Square, Castle Ball, and dodgeball games! Newcomers will learn the games and improve their skills, while seasoned players can get their competitive juices flowing.

Kids' Carpentry Seattle

(K-5th Grade, Min 5/Max 8)

Kids' Carpentry is a hands-on toy building experience designed to teach kids practical woodworking skills with an emphasis on the safe use of hand tools. While kids construct fun and exciting projects, they are also empowered to become independent thinkers--building confidence, self-esteem, and a repertoire of practical skills that will last them a lifetime. At the end of the session kids will bring home one or more wooden games or toys that they have built by hand from scratch.

Orangutan Chess: Chess Club

(K-5th Grade, Min 10/Max 22)

Chess Club is a community for new and experienced students to learn together, including checkmate patterns, tactics, openings, strategy, chess notation, chess history, famous games, local chess events, how to play in chess tournaments, different ways to play chess (variants), how to create a chess variant and more! ChessKid.com gold memberships are provided to all club members for 24/7 access to puzzles, lessons, and games. OCA has instructed multiple Washington State Chess Champions since 2017. Because younger students frequently have shorter attention spans, OCA offers 10-15 minutes of optional "wind down" time at the end of the club with non-chess videos like TED educational cartoons or the award-winning Shaun the Sheep.

Strategic Kids: Cartooning

(K-5th Grade, Min 6/Max 18)

We keep it simple and silly as kids draw with easy to follow, step by step instructions. Students will quickly learn how to draw all sorts of different cartoons. They will learn basic cartooning skills and how to bring inanimate objects to life and as well as bringing silly personalities to everyday living creatures. Students will also learn each day more about what they are drawing. Subjects vary each session + class. From sea creatures to geometric shapes the opportunities are endless; including the fun!

Strategic Kids: Origami

(K-5th Grade, Min 6/Max 18)

A simple piece of paper can become an adventure! In this engaging and exciting class children will fold their way to a deeper understanding of the Japanese art of Origami and related Japanese culture. Strategic Origami focuses on helping children to think deeply, gain confidence, solve problems, develop patience, and visualize results while they learn about shapes and geometry. During each class students will receive an origami instruction sheet detailing what was covered in class that day to take home with their completed Origami projects.
